COLOUR & VITALITY.

‘  
ELEVATE  
YOUR HOME  
WITH  
EVERY TILE

One of the cornerstones of Sungracia Tiles's vision is the constant pursuit of excellence in both process and product, in order to offer the highest quality ceramic tiles to customers and designers. For this we use the most advanced technologies in our fully automated and digitized facilities, combining production performance with respect for the environment and worker safety.

New lifestyles demand new products. Fresh priorities, such as those of the environment inside and outside homes, offices and public buildings, lead to the updating of the models for use of materials."

"Innovation becomes not merely an aim but the underlying motor of a new strategy, a unifying principle that brings together the most change-oriented forces both inside and outside firms.

# ADVANTAGE & FEATURES

Nature, technology, science and design. Top quality ceramic surfaces by Sungracia Tiles are compact and impermeable, because they're made from pure minerals pressed and sintered at more than 1200°C. The best choice, for durability, safety, hygiene and beauty.

## Versatile Size

Available in the grand size, the collection presents you with a perfect tiling solution to create seamless interiors.

## Safe & Secure

Non-porous, hygienic, stain and scratch protected, the tiles from this collection are also ice and thermal shock-resistant.

## Design Varieties

Available across a spectrum of patterns, the collection offers variety for all kinds of spaces and preferences.

## More Sustainable

The collection is made from exceptionally durable and recyclable material, giving it an edge with its ecological and ecofriendliness.
